

Partner Profile: Blue Sky Cleaners

Blue Sky Cleaners Continues Commitment to Seattle Community

Northwest Center is pleased to announce its partnership with Seattle-based Blue Sky Cleaners.

Locally owned and operated, Blue Sky Cleaners is as passionate about supporting their community as they are about getting that pesky stain out of your favorite jacket.

As Seattle's only toxin-free cleaning service, Blue Sky Cleaners is dedicated to providing the highest quality of service to its customers while protecting the environment—from their emissions-free delivery vehicles to their carbon neutral cleaning process.

Building on their commitment to sustainability and the Seattle community, Blue Sky has partnered with Northwest Center to host collection barrels for gently used clothing at each of their locations—keeping reusable items out of landfills while promoting the rights and independence of infants, children, teens, and adults with developmental disabilities.

Blue Sky Cleaners offers free pick-up and delivery to all their customers, on-site alterations, and even curbside service to help out customers in a hurry or busy parents who have kids in the car.
